To Eliminate Substance Abuse Through Community Effort

Hidden in Plain Sight

What Every Parent Need to Know Now

A **FREE** community project to help educate **PARENTS** on possible signs of drug and alcohol abuse by teens. We replicate a teenager's bedroom to allow parents to "snoop" around to find indicators of drug use and hiding spots.

DO YOU KNOW YOUR TEEN

To snoop or not to snoop?

To snoop or not to snoop?

In prevention we often tell parents to monitor their teen and watch for warning signs of drug abuse or other risky behaviors. The problem is – parents don't always know what to look for or what they are looking at. This innovative approach will allow parents to walk through a typical teen's bedroom and search for possible signs and indicators of drug use with guided support and educational resources.

Addiction is a threat to your child's health and well being. It's not about snooping—it's about love, care, and raising drug free kids!
