3. DFC Progress Luncheon Survey Results (Dr. Kenneth Stewart)

Survey results attached. Dr. Stewart explained the larger bars signify more disagreement amongst the membership. 36 people participated in the survey. Julie has the more detailed survey results report in case someone prefers to see a copy.

4. Year 3 Plan Overview (Julie Alonso)

Year 3 Plan attached (it was modified from the meeting to eliminate budget and include activities). The DFC Year 3 Plan is due on Monday, February 22, 2010. The purpose of discussion the plan is to ensure the coalition has is involved in planning and that it reflect the coalition overall.

Currently, the plan is vague and needs to be streamlined and specific. The only items that cannot be changed are the goals and scope. The coalition needs to determine what they see as a priority. The coalition really needs to hone in on one area – alcohol, tobacco, marijuana – but all three need to be reported on.

Dr. Stewart noted with a streamlined plan, the evaluation can be thorough and tell the story of the coalition.
