Membership Panel

Sign up sheet – DFC Fiscal Yr 2

Membership: Panel members will work collectively and with DFC staff to recruit and retain coalition members. This panel will assist in determining who is missing from the coalition by actively thinking about the diversity needed within the coalition and sector representatives that might be necessary or helpful to accomplish a certain activity. Panel members are asked to assist in the creation of an orientation for new members. A representative from this panel will greet attendees at general membership meetings.
